

Application No. 09/866,311

Docket No. 06007/37458

**REMARKS**

Applicants are in receipt of the Advisory Action, dated September 27, 2005. Claim 18 stands rejected under 35 U.S.C. §103(a) as being obvious over A'Hearn, U.S. Patent No. 6,357,230 ("A'Hearn") in view of Oliphant, U.S. Patent No. 4,658,970 ("Oliphant"). Claims 14-18 stand rejected under §103(a) as being obvious over Broenner, et al., U.S. Patent No. 5,513,491 ("Broenner"), in view of A'Hearn and Oliphant. Claim 10 is apparently rejected under §103(a) over A'Hearn in view of Oliphant as applied to one of the earlier rejected claims. Claims 1-7 apparently stand rejected under §103(a) as being obvious over Broenner in view of A'Hearn and Oliphant, as applied to claims 14 and 15, and in further view of Bauer, U.S. Patent No. 3,866,700.<sup>1</sup>

In response to the Advisory Action, applicants file a Declaration with Exhibits A, B, C, D1-D6, and E. Withdrawal of the rejection and allowance of all claims is respectfully requested.

**The A'Hearn Reference Has Been Eliminated.**

A'Hearn has a filing date of December 16, 1999 and an issue date of March 19, 2002. The present application has a U.S. filing date of May 25, 2001. Accordingly, the A'Hearn reference is only available as prior art under 35 U.S.C. §102(e), and can be sworn behind under 37 C.F.R. §1.131 and MPEP §715. The attached declaration signed by both inventors states facts and provides supporting documentary evidence in Exhibits A, B, C, D1-D6, and E that show conception and a reduction to practice of the claimed invention in a WTO country prior to the effective date of A'Hearn. Accordingly, this reference has been effectively sworn behind and is therefore no longer available as prior art. See MPEP §715.07.III.

No rejection, even in part, may be based on A'Hearn. Because all claim rejections rely at least in part on A'Hearn, all claim rejections must be withdrawn.

---

<sup>1</sup> The text of the rejection is "Claim 10 is rejected under 35 U.S.C. §103 as being unpatentable over A'Hearn et al in view of Oliphant, as applied to claim 10 above; and claims 3; and 1, 2, 4-7 and 13; are rejected under 35 U.S.C.

§103..." While applicant is not certain as to the meaning of the language used in the action, the applicant believes that each claim rejection relies at least in part on A'Hearn, which is successfully sworn behind in this response.
